## LOCAL GROCERS IN A QUIZ ON PRICES

PROSECUTOR SEEKS INFORMATION ON WHAT THEY PAY

## PART OF A STATE WORK

**Retailers Freed of Suspicion, and Attorney General Now Goes After the Wholesalers**

Those who think that investigations of profiteering have blown over want to turn their eyes once in a while upon Prosecuting Attorney Charles F. McCaffrey of Nodaway County and Attorney General Frank W. McAllister of Missouri.

Mr. McMallister has just about decided that the retailers of Missouri are justified in their charges, and now he is looking up the records of the wholesalers. In accordance with his request , Mr. McCaffrey has been quietly seeking information as to what prices the Maryville retailers have been paying for the goods they sell. Blanks which the attorney general sent to the prosecutor have been distributed to three representative retailer grocers of Maryville, with instructions to list the prices they have been paying for sugar, coffee, flour, lard breakfast bacon and potatoes since July 1, 1919. The brands and the names of the wholesalers also are to be given.

Two of the three retailers have returned their blanks properly filled out, and the third is expected to be in today. These will be sent to the attorney general.

The recent investigation that was conducted into the retail prices of a considerable larger list of articles resulted in whitewashing the retailers of Missouri, according to information in a letter sent to Mr. McCaffrey by the attorney general. When two-thirds of the reports were in the attorney general was convinced that no excessive or unfair profits were being made.

Then he started after the wholesalers.

## $265,910.64 TOTAL FUND TO SCHOOLS

COUNTY TAXES YIELD $212,100,53 OF THE COMPLETE SUM

## TO BE DIVIDED IN MONTH

**Railroads, Fines, Range Money Interest Are Other Sources of Revenue—State Aid $27,119.50**

The Nodaway County schools will have distributed among them for their support this year a total of $265,910.64, according to figures available today in the office of the county clerk.

Fred Wright, deputy county clerk, has been busy figuring up the totals since the state sent its check for $27,119.50 a few days ago. The apportionment probably will be made before October 1, and the money will go to the school districts as soon as practicable after that.

The special state aid is $4,047.69. This is divided among the schools according to the merits of the separate schools. The general state aid, totaling $23,071.81, is divided on a basis of the days attended.

Other sources of revenue are the common school and fine and forfeiture interest fund, which counts up to $7,535.21; the township and range fund interest, which provides $1,599.31; and the railroad fund, which provides $15,509.75 for teachers and $42,046.34 for buildings.

The total of the state aid and these sources of revenue is $53,810.11.

The biggest support of all comes from the county taxes. This year the yield is $212,100.53.

The county fund is apportioned as to the number of scholars in the district, as is also the railroad fund.

## ANOTHER POLAND CHINA CASE UP TO THE COMMITTEE HERE

**Forrest W. Everman, Son of Former Defendant, Alleges a Failure to Furnish Pedigrees**

Another charge of refusing to furnish pedigrees has been filed in the office of the Standard Roland-China Record Association in Maryville. Forrest W. Everman of Gallatin, Mo., is the complainant, and H. L. Faulkner of Jamesport, Mo., is the defendant. It will come up for trial October 6 before the executive committee of the association, which is composed of W. C. Pierce, O. J. Willhoyte of Maryville and E. E. Carver of Guilford.

Forrest Everman's father, John W. Everman, was the defendant in a case filed by A. P. Diehl of Bradshaw, Neb., on the same charge a few days ago. After hearing the evidence in the case the executive committee severely reprimanded Everman.

## LOCAL WATER IS UNFILTERED NOW

BREAK IN BIG PUMP CAN'T BE MENDED, SAYS MAYOR

## OTHER ONE MAY WORK

**But It Will Draw Directly From River and Water Must Be Boiled Before Drinking**

At 1:30 o'clock this afternoon Mayor W. O. Garret stated that the break in the big lift pump at the city water plant was beyond possible repair and its days of pumping water were over.

This means that there is to be no more filtered water for the use of the Maryville public for at least thirty days. The low surface pumps, that is the pump which pumps water from the river to the reservoir will be connected up, if possible, to furnish unfiltered water until the emergency is over.

"Tell the consumers of city water that I would not advise them to use the city water for drinking purposes without boiling, because it will be unfiltered," said the Mayor.

Mayor W. O. Garret has been spending most of his time since 4 o'clock yesterday evening at the city water plant. At noon today, when asked about the situation at the plant, he declared it was "pretty bad."

The water was turned off for the first time about 4 o'clock yesterday afternoon, but hurried repairs permitted the turning on of the water at 5 o'clock. At 10:30 o'clock last night a serious breakdown of the pump necessitated a complete shutting off of the water. Only a little reserve supply remains in the water tower, which is being held there for fire emergency.

The pump which forces the water from the water station to the city mains is the one that is giving the trouble. This is the same one that has frequently got out of order in the past.

The mayor has James Smith of the Tindall & Smith Plumbing Company on the job today and says that a new scheme of repairing the pump is worked out. It will take longer than the way the pump has been fixed in the past but gives more promise of "staying put" when finished.

At noon today the mayor stated that he thought the water would be turned on some time this afternoon or early this evening. Further than that he could make no definite promises.

Many people called the city hall this morning and made inquiry as to whether there was any danger of their hot water tanks blowing up, since there was no cold water being run into the tanks. Plumbers who were called said there was no danger of such an accident.

**Will Report on Widening of Highway Near the Martha Washington School to County Clerk**

Corken of Burlington Junction, who compose the commission appointed a week ago by the county court to investigate and assess the damages in the road case being contested by Robert Lyle of south of Maryville, met in Maryville this morning and went down to look at the road. The commission will report its finding to the county clerk. Mr. Logan is a member of the Independence township board, and Mr. Corken is a member of the Nodaway township board.

## CHILDREN'S CLUBS ORGANIZER IS HERE

F. L. WRIGHT WORKS FOR BEEF-CALF AND PIG RAISING

## LOCAL BANK WILL HELP

**Farmers Trust Company to Aid in Financing Project—Object Is to Improve Raising of Stock**

F. L. Wright of the boys' and girls' club department of the extension service of the state College of Agriculture, is here today to lay the foundation of the formation of beef-calf Shorthorn and Poland-China pig clubs among the boys and girls of Nodaway county.

This very important work will be fostered in this county by the Farmers Trust company, which will lend the money to the boys and girls to buy their animals with and will help them in every way possible.

All of the care of the animals and their increase will be handled by the boys and girls themselves under instruction by the College of Agriculture. Suitable prizes will be offered for results in addition to all of the profit made in the venture.

Boys and girls between the ages of 10 and 18 may belong to the clubs, and instruction will be free of charge, including teaching how to raise pure-bred animals, how to judge cattle and hogs, how to balance feeds and to prevent diseases. In fact, it wil be a valuable course in live stock raising for any boy or girl, besides being profitable to them.

These pig and calf clubs are in operation all over the country, and, in Missouri, at least, none of them has ever been known to be a failure. Many wonderful stories of success may be cited, among them the story of the champion pig club boy of the United States, who made $1,600 from one brood sow.

It is expected that boys and girls wil be required to borrow the money to buy their stock animals with in order to give them training in financing the business as well as raising the live stock. Complete plans for the organization of these clubs and for the buying of the foundation animals will be announced by the Farmers Trust Company in the near future, and it is expected that the boys and girls of the county will take an enthusiastic interest in the work and get into it for all there is in it—which is a good deal.

## LOCAL JITNEY OWNER WEDS; HE DOES IT BETWEEN TRAINS

**Alonzo S. Fordyce Marries Miss Ella Heftings of St. Joseph—Then He Goes Back to Work**

The H. C. of L., instead of deterring couples, young and old, from matrimony in Maryville is the cause for many marriages, according to I. V. Alderman, proprietor of the I. V. A. hotel. Alonzo S. Fordyce, who has been boarding at the hotel for many months, decided yesterday that he could no longer afford to pay the price for hotel board, so he took unto himself a wife.

Fordyce, whose occupation is that of proprietor of a taxicab station and driver of one of the cars, did not let business interfere with the matter of marriage. He "made" the 8:35 Burlington train as usual last night. After taking his passengers to their respective destinations, he drove to the home of Justice W. L. Johnson and induced him to take a ride. Some time before that he had taken the bride-to-be into the car.

The party journed to the home of Frank McClain, which adjoins the fair grounds, and at the hour of 9 o'clock Miss Ella Heftings of St. Joseph became the wife of Alonzo S. Fordyce. Immediately after the ceremony the newlyweds returned to town and the groom resumed his work at the taxicab station.

This is the second time that Mr. Fordyce has been married, his first wife having died several years ago. The present Mrs. Fordyce is said to be a former resident of this city.

## BLACK SCOURS THE BUSHES FOR PLAYERS NEXT SUNDAY

**Baseball Tournament Plans Going Well—Maryville Merchants May Hang Up Some Prizes, Too**

Manager Black is still scouring the country for good baseball players to strengthen the Maryville nine for the tournament games Sunday.

Word has been sent to "Red" Stephens, who is in Kansas City, to be here to catch for the games Sunday and, although no definite word has been received from him, it is expected that he wil be here.

A pitcher by the name of Vanmeter from Salem, Neb., has been obtained. He comes highly recommended, and it is hoped that in him the Comets will have a strong pitcher for one of the games.

The St. Joseph Stuppy Floral pitcher named Poirer, who made such an impression at last Sunday's game, may be here for the tournament. Last Sunday he struck out eighteen men in the seven innings that he pitched and allowed only three hits.

Two hundred and thirty-six tickets have been sold for the tournament, which is fourteen short of the goal of 250 which Manager Black has set.

Paul Basford of the Basford Cigar Company has offered a box of his fine El Retina cigars to the first home player to line out a three-base hit Sunday. It is probable that other merchants around town wil hang up prizes to stimulate the local ball tossers to greater efforts.

## PAPERS OF COUNTY COMMENT ON PROPOSED HOSPITAL WORK

**Favorable Sentiment Is Voiced In Regard to Improvements Planned for Local Institution**

A movement is on foot to raise $100,000 to build an addition to the Maryville hospital, one of the finest institutions of its kind north of St Joseph. A number were here fron Maryville Sunday talking in its interest, among the number being Fred Hull, editor of the Daily Tribune. Since it was established a number of years ago, Parnell and Independence township have sent 78 patients to this great institution.

The people of this county are asked to contribute this amount for its enlargement and added equipment, as it is really a county institution. The patients from this township have nothing but praise for it. None of our readers may have any use for it but there are hundreds of others who might have, and it is for their beenfit that the institution is being enlarged. Let's raise the needed amount.—Parnell Sentinel.

In order to care for its patients, the number of which is increasing continually, St. Francis Hospital of Maryville will conduct a campaign during the week of September 22 to 29, for the purpose of raising 50,000 for needed improvements.

Committees have been appointed in each school district of the county and everyone will be given an opportunity to subscribe to the fund.

An institution like the St. Francis Hospital is invaluable to any community, and people of Nodaway county are fortunate in having it so near them. There is no doubt in the minds of those conducting the campaign that the full $50,000 will be secured in the week set aside for that purpose.—Burlington Junction Post.

The St. Francis hospital at Maryville has become too small to look after the patients of the county that need hospital care and a movement is on foot to enlarge its facilities by building an addition that will cost $100,000. Nodaway county is asked to put up one-half this amount and a campaign has been started to raise this amount. There is a large ad in this issue stating the plan and asking all to help in the cause. Be sure and read it.—Clearmont News.

If you feel bad; if you are "blue," tired and discouraged, without apparent reason, you need Prickly Ash Bitters, the system purifier. It restores action in the torpid liver, cleanses the stomach, helps digestion, dirves out gas and fermented matter in the bowels, and brings back that fine feeling of strength, vim and cheerfulness which only men in perfect health enjoy. Price $1.25 per bottle.

**Case May be Tried This Term.**

If the attorneys agree, the appeal suit of Carl Maul, filed yesterday with the circuit clerk, may come up for trial in the September term, although it is too late to get in the docket, which is now being printed. Mr. Maul sued for more than $5,000 and received an award of nearly $2,000. Shinabargar, Blagg & Ellison are attorneys for the plaintiff, while Cook & Cummins are representing the defendant.

**Jesse Wallace Out of Hospital.**

## Why Monday's audience at the M. E. Church was so well pleased.

### Odette Le Fotenay was inside the Phonograph in all excepting physical presence

At first reading, the story of the New Edison's performance last Monday night at the M. E. Church seems overdrawn.

But the explanation is simple enough.

First, get a picture of what happened. Mme. Le Fontenay sang The Swallows. She stopped after the first few lines, but her voice flowed on without a break. No one even noticed the difference in tone quality, but they saw her lips were still. The audience was listening to the New Edison.

To every ear, the two voices, living and RE-CREATED, had been without a shade of difference.

## *The* NEW EDISON

"The Phonograph with a Soul"

This extraordinary proof is the only means through which peoples learn to appreciate the true powers of the new Edison. If you are interested in music, it is indeed unfortunate that you were not present

Yet, you know this is a test which no other phonograph dares to attempt. It is proof that no one can evade or deny. The New Edison is the only phonograph which RE-CREATES music and the soul of music.

Come in and hear it for yourself.

The instrument used in Monday's Tone-Test is the regular model which sells for $285. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

He announced the receipt already of $200,000 to William Jewell and $100,000 for Will Mayfield, besides other smaller gifts to the other colleges. He said that there was no question now but what each school would secure the respective amounts asked for by Missouri Baptists.

Rev. A. J. Thames, district secretary, and Miss Aretta Beswick, Woman's secretary, assisted in the organization of the work.

Minetry Jones, assistant moderator of the Missouri Baptist General Association spoke to a packed house on Thursday night. He said that someone had remarked to him that Baptisst had in the past been attempting such little things that they had not needed the Lord much, but that now they were undertaking such a huge proposition that it would fail if they did not observe His will and obtain His power. This was probably the most impressive address of the association.

## HOW A YOUNG GIRL SUFFERED

**And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.**

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. Fiscina, 216 Marcy Ave., Brooklyn, N. Y.

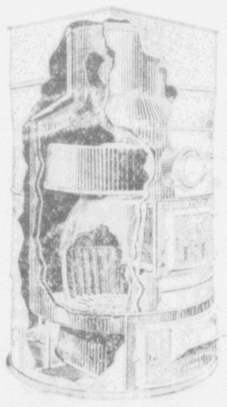
## A New Furnace

**Made and guaranteed by an Old Reliable Firm**



EVERYBODY KNOWS THE XXTH CENTURY FURNACE AND KNOWS THAT IT IS MADE BY THOROUGHY RELIABLE MAKERS. Before the war the XXth Century people started to bring out a new Pipeless Furnace, but were held up on account of war work. Now this new pipeless is on the market—it is the

## PORTAGE

The Portage is the heaviest pipeless furnace made—that means that it will radiate more heat for the fuel consumption and heat more space. Read these specifications and compare them with other makes of pipeless furnaces.

Size 24—Weight 1340 lbs., size of smoke pipe, 9 inches, diameter of casing, 49 inches, size of feed door, 13x11½ inches, size of ash pit door, 26x13 inches, heating capacity 18,00 to 30,000 cubic feet.

Other sizes in proportion.

The Portage is a coal saver because of its size and weight, giving more heat from radiation instead of just from burning coal, but it does not radiate heat into the cellar. Its air chambers prevent that, and vegtables can be stored close to the Portage.

If you are thinking of a furnace, come and talk to us about the Portage.

**Where Can I Find Relief From Itching, Terrifying Eczema?**

**Question on Lips of Afflicted.**

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. **Since Taking Tanlac Mrs. Rollins Feels Better Than In Twenty Years**

"I am seventy years old and have been in poor health for a good many years but since taking Tanlac I feel better in every way than I have in twenty years," said Mrs. M. B. Rollins of 110 West 39th street, Seattle Wash., recently.

"For twelve years," she continued, "I suffered constantly from stomach trouble and what I ate caused me so much misery that I dreaded to see meal time come. I suffered terribly from rheumatism and sometimes my feet and legs were so badly swollen that I couldn't walk and my arms would get so stiff and sore that I couldn't use them at all. My nerves were in such an awful condition that the slightest noise would upset me and I could never get a good night's sleep. I became so weak and rundown that I gave up and went to bed where I lay for five long weeks.

"I heard so much about Tanlac that I asked my son to get me a bottle and after taking a course of the medicine I am perfectly well again. I feel twenty years younger and am strong enough to do all my housework without any trouble. My appetite is fine. I eat anything I want and never suffer any pain afterwards. The rheumatism has entirely gone, my nerves are all right and I sleep like a baby every night. The way Tanlac has overcome my trouble and built me up is like a miracle and any medicine that will do that much for a person of may age is worth its weight in gold"

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Barlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R.
